Volunteers of “Youth Aid” who have been providing assistance to people in the Belgorod region for more than 10 years, on April 19, 2022, visited the House of Human Rights. Currently on the basis of the organization there is a campaign to help people who arrived from the DNR, LNR and Ukraine.

Volunteers have been helping people with accommodation in temporary accommodation centers, providing moral support, raising food, clothing and basic necessities for those in need, and organizing cultural events.

During the meeting, the volunteers reported on a problem where one center has an overabundance of certain goods and at the same time another has a shortage of them.

Representatives of “Youth Aid” suggested creating a platform where volunteers working in the temporary accommodation centers in different regions could share their gained experience.
